

# Maria Besiada

## Web Development Student

I am a motivated final semester student of the Full Stack Web Development program at Red River College. Passionate about creating websites and web applications. Eager to further my Web Development journey by joining a dynamic team and learning from experienced professionals.

### EMPLOYMENT

#### Web Developer / Personal Projects

July 1, 2022- Present

- Utilized HTML, CSS, JavaScript, and React to build responsive and interactive websites;
- Conducted thorough testing to ensure the functionality and usability of the projects;
- Implemented version control using Git to track changes;
- Successfully deployed the projects to a live server, ensuring its availability for public access.

#### Links to Key Projects

1. **"Squid Game"** built with HTML, CSS, JavaScript.
2. **"Meme Generator"** built with React.
3. **"Study Counting App"** built with HTML, CSS, JavaScript.
4. **"Password Generator"** built with HTML, CSS, JavaScript.

#### Legal Assistant / TDS LLP

May 1, 2021- Present

- Conducted due diligence searches;
- Prepared and drafted various correspondence and documents;
- Prepared trust requisition forms and general cheque requisition and trust deposit forms
- Drafted, edited, and finalized prebills and bills.
